Agenda

October 18, 2003

8:00 – 8:30 a.m.

Registration and Continental Breakfast

8:30 – 9:00 a.m. **Introduction**

Linda McBride, Principal, Early Childhood Services, Shasta County Office of Education

9:00 – 10:30 a.m. **Barbara Clark, Ed. D.**

Investigating brain research and the implications for developing giftedness in all children. Understanding intelligence, giftedness, and creativity. Reviewing characteristics and needs of early learners. Developing environments to optimize learning.

10:30 - 10:45 a.m. **Break**

10:45 - 11:45 a.m. **Barbara Clark, Ed. D.**

Using brain research in the home and learning environment.

11:45 - 12:00 p.m. **Summary, questions and answers.**

Objectives

At the end of the conference the participants will understand and be able to use:

- Current information about the brain that relates to nurturing, brain development, intelligence and optimizing learning in young children.
- Concepts of giftedness, intelligence, and creativity.
- Ways the classroom or home can be developed to be a responsive learning environment.
- The Integrative Education Model as a way to optimize learning.
- Ways brain research can be used to help parents, teachers, and child care providers understand and educate children.

Who is Barbara Clark, Ed.D.?

- Dr. Barbara Clark is a Professor Emeritus in the Charter College of Education at California State University, Los Angeles.
- Dr. Clark received her BA degree in Education from Wichita State University in 1955 with honors; her MA degree in Special Education, Option Learning Handicapped, from the University of California, Los Angeles, in 1966; and her Ed.D. degree in Special Education, Option Gifted Education from UCLA, in 1969. She has taught pre-school children on television as the teacher of the commercial television program Romper Room and both regular and gifted classes at the elementary level in public schools.
- Dr. Clark is the author of the widely used text, Growing Up Gifted, now in its sixth edition (2002), and Optimizing Learning in 1986.
- Dr. Clark has published many articles in a variety of professional journals, serves as editor of World Gifted, and is a review editor for several journals including The Gifted Education Communicator, and Gifted and Talented International.
- Dr. Clark is the Immediate Past President of the World Council for Gifted and Talented Children, is a Past President of the National Association for Gifted Children, and is on the Board of Directors and a Past President of the California Association for the Gifted.
- Dr. Clark is a recognized scholar in the national, and international communities and has presented major addresses and workshops throughout the United States, and internationally.
